Test Report # 14B-01572
Date: August 28, 2014
PO #: AG81114

SAMPLE INFORMATION:

Description: Farmers Market Quarter Plate
 Assortment: -
 SKU/Style No.: Sample1 Toy Co./Agency: -
 Factory/Supplier: - Country of Origin: India
 Country of Distribution: USA Labeled Age Grade: -
 Quantity Submitted: 6 Plates Appropriate Age Grade: -
 Date Received: 8/18/14 Tested Age Grade: -
 Testing Period: 8/20/14 – 8/28/14

OVERALL RESULT:

PASS

At the request of the client, the sample was evaluated for compliance with the following specifications:

CONCLUSION	SPECIFICATION
PASS	U.S. FDA CPG 545.450 & CPG 545.400, Extractable Lead & Cadmium Content (Interior)
PASS	California Proposition 65, Tableware and Safety Program, Leachable Lead and Cadmium

ANSECO GROUP, LLC

David Ennis
 Manager, Chemical Laboratory

Company: Sonata Houseware & More LLC

Test Report # 14B-01572

Contact: Bill Scholvin

Date: August 28, 2014

Sample Description: Farmers Market Quarter Plate

DETAILED RESULTS:

U.S. FDA CPG 545.400 & CPG 545.450, Extractable Cadmium & Lead Content (Interior)

Analysis of ceramicware performed by Inductively Coupled Plasma Spectroscopy to determine compliance with the above referenced regulation. (Method: ASTM C738-94)

Specimen No.	1	2	3	4	5	6		
Element	Leachable Result	Leachable Result	Leachable Result	Leachable Result	Leachable Result	Leachable Result	Flatware Average Result	FDA Limit
Lead (Pb)	LT 0.01	LT 0.01	LT 0.01	LT 0.01	LT 0.01	LT 0.01	LT 0.01	3.0 ppm
Cadmium (Cd)	0.06	0.12	0.05	0.05	0.07	0.07	0.07	0.5 ppm
Conclusion							PASS	

LT = Less Than

Results are reported in parts per million (ppm)

Specimen No.	Sample Color/Pattern	Classification
1 – 6	Farmers Market Quarter Plate	Flatware

Specimen No.	1	2	3	4	5	6
Volume of Acid Used	240	230	220	240	270	250

Date: August 28, 2014

Sample Description: Farmers Market Quarter Plate

DETAILED RESULTS:

California Proposition 65, Tableware and Safety Program, Leachable Lead and Cadmium (Case No. 938430)

Analysis of ceramicware performed by Inductively Coupled Plasma Spectroscopy to determine compliance with the above referenced regulation. (Method: ASTM C738-94, 2006)

Specimen No.	1	2	3	4	5	6		
Element	Total Result	Total Result	Total Result	Total Result	Total Result	Total Result	Average Result	California Prop 65 Guidance
Lead (Pb)	LT 0.01	LT 0.01	LT 0.01	LT 0.01	LT 0.01	LT 0.01	LT 0.01	0.226 ppm
Cadmium (Cd)	0.06	0.12	0.05	0.05	0.07	0.07	0.07	*0.5 ppm
Conclusion							PASS	

LT = Less Than

Results are reported in parts per million (ppm)

Specimen No.	Sample Color/Pattern	Classification
1 – 6	Farmers Market Quarter Plate	Flatware

Specimen No.	1	2	3	4	5	6
Volume of Acid Used	240	230	220	240	270	250

Note:

*Limit based on Proposition 65 safe harbor level for cadmium, updated 2008.

At the request of the client, testing was performed on 6 pieces.
